

Travel

Berkley Travel is dedicated to helping you provide travel insurance solutions to your clients. Our range of individual travel policies gives you the right options for any traveller, whether they are leaving Canada or coming here to visit.

The **Visitors to Canada** plan provides multiple options for emergency medical coverage for tourists, employees, or travellers to Canada. It can also serve as a bridge for residents while qualifying for a government health insurance plan.

International Students to Canada plans are designed to meet the emergency medical insurance needs of students studying in Canada and their dependents, while in Canada or travelling worldwide. These programs are typically sponsored by the educational institution and often included within the student's tuition.

Emergency Travel Medical insurance provides Canadians with emergency medical coverage resulting from unforeseen sickness or injury, on either per-trip or multi-trip policies.

Our **All Inclusive Plans** provide emergency medical coverage together with trip cancellation, trip interruption, baggage, flight accident and accidental death coverage.

The **Non-Medical Plan** provides coverage for Canadian travellers who already have emergency travel medical insurance. This plan provides coverage for trip cancellation, trip interruption, baggage, flight accident and accidental death.

Berkley products can be integrated with various **technologies** for sales and distribution of our products. Alternatively, we can provide you and your team with access to our on-line B2B sales portal.
