Leveraging cutting-edge technology together with our deep underwriting expertise, we're redefining risk management for fine art assets by identifying insurance-to-value risk in real time and providing actionable insights for insureds, empowering all related stakeholders to make better data-driven decisions.

### Data Driven Collection Insights

Berkley Asset Protection Fine Art & Collectibles is leveraging technology to analyze and monitor the value of art assets across the global market, drawing on millions of data points, including historical auction results, dealer records, and the influence of over 35,000 art world professionals spanning more than a century. This platform is designed specifically for financial institutions, insurers, and wealth managers, offering a level of analysis far deeper and broader than traditional methods

### Your Strategic Advantage

"How often do I need a reappraisal?" is a common question among collectors and risk professionals—and in a constantly shifting art market, the answer isn't always clear. Through technology, we enhance our risk management insight and deliver clear, comprehensive reports that help insureds and brokers identify insurance-to-value risks, empowering stakeholders to make data-driven decisions.

- ✓ **Target appraisal needs service**
- ✓ **Identifying missing cataloguing information**
- ✓ **Current auction market comparables**
- ✓ **Consideration of art market data not publicly available**
- ✓ **Dynamic presentational output**

## Frequently Asked Questions

### How can I obtain a collection analysis report?

Private or corporate collection new business submissions with a fine art schedule are eligible to receive a preliminary collection analysis with a new business quote. Once a client of Berkley Asset Protection, insureds will receive a full collection analysis highlighting market conditions and drawing attention to variances between insurance value and current market value, as well as other dynamic insights.

### Would a blanket private or corporate collection submission still be eligible?

Yes, all collections with a schedule or inventory listing with values are eligible. Formats such as Excel, Word and PDF are acceptable.

### Is this report equivalent to a reappraisal of the items?

No; the collection analysis provides specific insights into items with an insurance-to-value risk enabling prioritization of reappraisals, thereby reducing friction, time and costs from the process.

### What types of collections are eligible?

At this time, fine art collections are eligible, including paintings, drawings, and sculpture. Contact your underwriting team for further details.

### About Berkley Asset Protection

*We at Berkley Asset Protection set the industry standard for fine art specialty insurance coverage, offering unique solutions and a white glove claims experience to collectors, museums, gallerists, and art world professionals. We offer individualized art risk management solutions to ensure your art assets are properly protected.*

*Products and services are provided by one or more insurance company subsidiaries of W. R. Berkley Corporation. Not all products and services are available in every jurisdiction, and the precise coverage ordered by any insurer is subject to the actual terms and conditions of the policies as issued. Certain coverages may be provided through surplus lines insurance company subsidiaries of W. R. Berkley Corporation through licensed surplus lines brokers. Surplus lines insurers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds. Berkley Asset Protection Underwriting Managers is pleased to write on behalf of three W. R. Berkley Corporation member companies for domestic risks, utilizing StarNet Insurance Company and Great Divide Insurance Company on an admitted basis.*

*We're proud to celebrate over 15 years in business. Fine Art & Collectibles is one of four focus areas of Berkley Asset Protection, a niche insurance provider offering A+ rated paper and part of the W. R. Berkley Corporation.*
